

# Own Your Worth

Women creating a path to financial confidence

Most women and men agree that women should get more involved in financial decisions. Unfortunately, this is far from reality - particularly when it comes to investing and financial planning. Women consistently underestimate their own abilities while overestimating what is required to be financial involved.

We want to break the cycle and help women take control of their wealth by hosting a Women's Financial Bootcamp. It will be one fast-paced hour of investment basics, without jargon or complexity, mixed with women empowerment and fun.

We are all aware that life can be full of surprises. We hope you join us in taking that first step to being better prepared.
